

Application for consent for a rear garden building - 11 Haselfoot, Letchworth Garden City, SG6 4DE

- Rear garden is approx. 290m sq (from rear of house, and not including side of house)
- Proposed new garden room to be 6m x 3m = 18m sq, occupying approx. 6% of the rear garden
- Minimum distance from boundaries to be 0.6m (the site is not rectangular so in some parts it will be more)
- The placement of the existing buildings is approximate, but directionally correct

Example plan

- This shows dimensions of proposed building from an initial quote
- Although not shown on this diagram, the elevation will be no more than 2.5m
- The diagram shows an optional deck/patio area (in grey) in front of the building

- Example pictures from website – this is not the exact configuration we are planning but gives an idea of style
