In terms of green space, as Letchworth Garden City is classified as a town, the standard provision for recreation and amenity green space is 0.77ha per 1,000 head of population. The total area of town parks and gardens, recreation grounds and amenity green space in Letchworth Garden City equates to 25.34ha, whilst the minimum requirement is 25.6ha.

Natural and semi-natural green space standards are quantified as 1.47ha per 1,000 head of population. According to an audit of space conducted in 2009, there was 34.55ha of natural and semi-natural green space in Letchworth. Based on 2011 population figures, the requirement for this type of green space to meet the North Hertfordshire District Council standard is 48.9ha. As such, despite high quality green spaces including Norton Common and the Greenway, Letchworth Garden City does not meet its quantitative requirements for natural and semi-natural green space.

The NHDC Green Space Standards (2009) provides a District wide quantitative standard for

equipped play of 0.2ha per 1,000 head of population. This typology includes facilities such as: equipped play areas, skate parks, BMX tracks and informal kick about areas. The 2009 audit identified 6.44ha of equipped play space in Letchworth Garden City. Based on current population, to meet minimum requirements there is a need for 6.65ha of equipped play space. On that basis, at present there is a deficit of 0.21ha.

These shortfalls could be exacerbated by new development and should be recognised in the Infrastructure Delivery Plan so it can be addressed in housing schemes and funded improvements.

This supports the need for a policy of this type and reinforces the need for new developments to provide for the needs arising out of the development and where possible address existing shortfalls.

You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
