02 SEP 2019

Dear Emma Hone,

Rear Extensions, Garage Conversion, New Doors and Windows Plus Car Port (Revised Scheme),
Ventersdorp, Barrington Road, Letchworth Garden City

[redacted] are responding to your communication dated 23 August 2019 reference 34235 concerning the above property and proposed extension application.

[redacted] which has [redacted] rear garden adjacent to the above property.

[redacted] have studied the information relating to the appeal and agree that the site would become over developed. [redacted] are also concerned about the size and increase in noise level from the Hydrotherapy Pool.

In [redacted] opinion the pool and therapy facility is of such a size as to encourage use of it by several people at any one time which would cause noise to spread to the neighbouring and adjacent properties.

[redacted] understand that the original cottage has already been extended to the extent that it is unrecognizable from its original form.

[redacted] wish to show [redacted] support towards the Heritage Foundation's decision to refuse the application for permission for this proposed development as [redacted] anticipate noise problems from such a large extension.

Yours Sincerely,

[redacted]
