Subject: 45 Haselfoot

Dear sirs
I would like to air [Redacted] concerns over the plans to 45 Haselfoot firstly is the two new windows these course concern because the will be looking into [Redacted] bedroom window there for encroach on [Redacted] privacy.
Secondly the length of 5.5 meters as shown on the Block plan GHL/2/4 is not true representation as this will come past [Redacted] bungalow by 1.5 meters this will spoil the open aspect of [Redacted] rear garden .
Thirdly the 2.8 meter high of the extension comes higher than the existing roof line also this will spoil the open aspect of [Redacted] rear garden .
These [Redacted] believe will impact [Redacted] quality of time in [Redacted] secluded garden.
The three together will impact on the value of [Redacted] property.
