Subject: Side extension 33 Parker Close FOA Christopher Shipman.

I am objecting to the single storey side extension. The reason for [REDACTED] objection is that it will restrict the view from [REDACTED] rear garden at [REDACTED].

The size of the construction will also cause a claustrophobic feeling and a reduction of the open plan policy that was a feature when the planning of Bungalows on this development was accepted by the Heritage Foundation.

[REDACTED].
