

Hi

With reference to your Ref no 37927 .

41 Lawrence Ave

Letchworth

For [REDACTED] to comment on the extensions to 41 Lawrence Ave . It would be convenient for the proposed to have dimensions on the plans .

The ground floor plans are possibly acceptable without Dimensions . The first floor plan of bedroom 4 concerns [REDACTED] without the knowledge of the dimensions .On the drawing a red dotted line from [REDACTED] back bedroom window to the corner of the 1st floor extension assuming this is the line of sight .Does not really have any relevance without any dimensions from where this line comes from . It may be possible to scale the dimensions but drawing states please do not scale . Without the dimensions on the drawings the extension can be interpreted differently

Kind regards

[REDACTED]
