Subject: Extension to front of property, 22 Cashio Lane your ref-27103

Dear Ms Hone,

[REDACTED] responding to your letter dated 15th November regarding the appeal for 22 Cashio Lane.

[REDACTED] would like to support the householders appeal. [REDACTED] think that the design that the householders are seeking to erect is more aesthetically pleasing than the currently approved plan. In addition, [REDACTED] do not think that the householders desires are in any way in conflict with the look and feel of the heritage traditions. In many respects, as they set out in their appeal it demonstrates a continuation of design that is in place across Letchworth on a number of other properties. In addition, the proposed design is also complementary to the approved design of [REDACTED] property [REDACTED] and [REDACTED] more recently approved design at [REDACTED].

[REDACTED] would hope that these considerations can be taken into account when considering the appeal and that you will support the householder's moderate ambitions for the design.

Kind regards

[REDACTED]
[REDACTED], Letchworth, Herts [REDACTED]
