DP 1057/04R

Re your letter dated 2nd May re new information submitted, [REDACTED] further comments are below. Please note [REDACTED] were unable to submit within 14 days as [REDACTED] only received this on 16th May following [REDACTED] holiday away.

1. The reinstated Block Plan continues to show a doubling in size from original build, and shows the building extends out further than [REDACTED] home despite frontage being level to [REDACTED]. [REDACTED] conservatory extension was to [REDACTED] full allowance

within [REDACTED] current permitted, so [REDACTED] would question why this extension should be allowed to go beyond [REDACTED] as shown in this Block Plan.

2. The reinstated section cross section does not correspond with Side Sth East Elevation re step half way through lounge area!

3. The roof plan is shaded differently.

Thank you
