Dear Mr Shipman,

Thank you for your letter dated 20/10/22 regarding the above.

This email is to notify you of [REDACTED] objections to the bedroom windows of the rear elevation and the loft window of the side 02 elevation of the proposed extension.

The windows will have an adverse effect on [REDACTED] property by reason of loss of privacy and being overlooked. The rear elevation bedroom windows will be very intrusive and have a detrimental effect on

being able to enjoy [REDACTED] garden. The side 02 elevation window will also mean loss of privacy in [REDACTED] loft bedroom.

Thank you for taking our objections into account.

Yours sincerely,

[REDACTED]
