

Applying to remove a tree or hedge

If approval is required, your application will need:

- Your tree surgeon's recommendations
- A short report from a tree surgeon, on headed paper - including details of the location of the tree/hedge, species, height, faults and any proposed replacement species where appropriate. (We'll need this before we can proceed with your application)
- A photograph of the tree/hedge and a plan showing its position
- Details of replacement tree/s or hedge

After receiving all the information above, our Tree Specialist will make an inspection before we grant written permission. This usually takes around three to four weeks

Why do you need our permission?

Letchworth Garden City has a Scheme of Management which means that trees or hedges normally require our approval before they are removed.

Approval is not required to top, lop, pollard or prune existing trees or hedges.

Some properties have similar requirements in their leases.

These controls help us to work with you, to protect the special character of the Garden City.

Approval may be required from North Hertfordshire District Council and we advise you to contact them before undertaking any alterations.
