9 Rudham Grove

We would like to remove the hedges out of the front where I have highlighted YELLOW above
Then we would like to put in a normal height picket fence in wooden about 1 meter high. This would ideally go where I have highlighted RED BELOW –

I have included a picture of the type of fence we would use

We would then use the area where we have removed the hedge to plant some flowers.

9 Rudham Grove

These are our boundaries as included in our Land Registry, which I have also copied in for your info.

Where I have highlighted yellow is where we would like to fence off around the back. I have also included a goodle images screen shot below and highlighted this yellow so you can see in greater detail that you can indeed see into our kitchen and bathroom from the road, we would like this so our garden is useable and to give us more privacy, as all of the surrounding gardens do have fences so it is only us without which is open.

This fence would ideally be a 6ft wooden panel fence. Like below . We are happy to go with whatever is preferred but we would just like the option of some privacy.

**Traditional Lap 6ft Wooden Fence
